WE'RE IN THE MEETINGS BUSINESS...

For 29 years we've been about bringing people together and providing the right environment for learning and communication to flourish.

THAT HASN'T CHANGED!

Whilst the pandemic continues to disrupt our normal business practices and ways of working, our promise to you will always remain the same:

TO DELIVER THE SAME QUALITY OF CUSTOMER SERVICE THAT WE WIN AWARDS FOR.

Face-to-face meetings will always be better than virtual experiences but we are where we are and we will all get used to a "new normal" in order to keep our businesses on-track.

This brochure highlights a few solutions to help your business keep meeting, without having to worry about the pandemic. And, above all, we promise not just to facilitate a product; but to deliver an outstanding experience!

[#MEETINGMATTERS](#)

VIRTUAL

You still need to train your staff, right? Perhaps now more than ever!

Using a dedicated training venue and specialist environment lets you focus on delivering quality business outcomes with high quality training.

Staff and delegates can dial in via your preferred platform (Teams, Zoom, Skype etc.) wherever they are, making the most of your time, efficiency and resource.

PACKAGE ONE

SINGLE ROOM SOLUTION

A simple meeting room video conference set-up to stream your meeting to external delegates via your own platform (Teams, Zoom etc.)

PRICE FROM:

£100

per day plus VAT

#MEETINGMATTERS

HYBRID

It may be important to bring certain teams together for presentations or to share vital company updates. You may need your senior team in the same room, utilising presentation equipment, whilst your extended team dial in from elsewhere.

Participants can therefore collaborate properly, without being interrupted by the dog or postman, meaning business decisions are made quickly and efficiently.

PACKAGE TWO

ROOM TO ROOM SOLUTION

A simple solution to stream one-way video and audio to a different room.

OR

Video and audio stream in both rooms for two-way communication

PRICE FROM:

£180

per day plus VAT

#MEETINGMATTERS

BROADCAST

Our hybrid options let you combine physical elements - such as panel sessions, Q&A and break out groups - with a virtual event, giving you an extended reach and participation.

Capturing these elements in real time allows colleagues and delegates to interact with your content wherever they are, making sure you get your messages across effectively.

After the event, you can host the recorded footage for people to view who weren't able to attend the live event.

PACKAGE THREE

MULTI VENUE & WEBCASTING

A bespoke solution to bring together delegates in different venues or to stream presentation studio across any platform (e.g. Youtube, client website etc.)

PRICE FROM:

£1200

per day plus VAT
